SMART HOME GATEWAY**

WORKS WITH

YESLY

BLISS2

Finder YOU

ENGLISH

1Y.GW.8.230.BS00

MODULAR GATEWAY Wi-Fi 2.4 GHz - Radio 868 MHz

1 INSTALLATION

Install the gateway on DIN rail and connect live and neutral. After switching on, the Gateway's white LED will flash with a fading white light, awaiting configuration. Use the **FINDER YOU** app both for configuring the BLISS2 smart chronothermostat and for YESLY systems. For more information scan the QR code below.

2 STATUS LED

WHITE LED

- **Flashing fading:** waiting for configuration
- **Fixed:** connection established with both the Wi-Fi network and the Cloud
- **2 flashes:** connected only to the Wi-Fi network - no connection to the Cloud (internet not active)
- **3 flashes:** no connection to the Wi-Fi network and no connection to the Cloud (internet not active)

BLUE LED

Flashing: sending Bluetooth commands to the devices

RED LED

Flashing: commands are sent to the Smart Bliss2 thermostat and actuators
